CHRISTMAS GREETINGS

On behalf of the Management Committee and staff of Gardeen Housing Association, we would like to wish everyone a Merry Christmas and a Happy New Year.

BUDGET SETTING 2019-20

Gardeen's Management Committee has to agree a budget for 2019-20 to help plan for the business needs of the Association. This has been a challenging exercise as we have to look at all the costs and income. We want to provide a reliable, local service and offer a fair affordable rent.

This is difficult for the Management Committee as we are facing increasing costs, Universal Credit, cuts to Council services and financial uncertainties. We will finalise the Budget in February 2019. If you would like a copy of the document then please contact the office.

CHANGES TO YOUR SCOTTISH SECURE TENANCY RIGHTS

The Housing (Scotland) Act 2014 introduces a number of significant changes to the rights you have under the terms of your tenancy agreement.

The main changes relate to:

- Short Scottish Secure Tenancies;
- Assignment/Sub-letting/Joint Tenancies;
- Succession to Scottish Secure Tenancy;
- Change to eviction grounds when crime has been committed in the tenancy;
- Changes to eviction grounds for properties designed for special needs;
- Allocations;
- Ownership of property by applicant;
- Minimum length of time for application to remain in force.

Please contact Lyndsay or John if you would like to discuss these changes in more detail. A full update will be included in the Spring 2019 newsletter.

BUSINESS PLAN 2019-20

Gardeen staff and Committee have been discussing the new Business Plan for 2019-20. Increasing costs, Universal Credit and financial uncertainties are challenges that the Association will face. We are looking to work closely with other partners in Greater Easterhouse to provide services that you need.

We will finalise the Business Plan shortly and this document will be sent to our lenders who monitor our performance.

If you would like a copy of the Business Plan then please contact the office.

RENT INCREASE 2019

You will receive some information from the Association in January 2019 on the proposed rent increase for 2019-20. By law, we are required to consult with you on the proposals.

The Management Committee are made up of local residents and they look at the budget for 2019-20 and the plans that have been made to ensure that your home is maintained and that you continue to receive a quality service.

All the costs for the Association are considered including staffing costs, training costs, repairs and maintenance costs and this helps us to budget for next year.

The Management Committee also look at the long term financial plans for the Association to check that we have enough funds for our future proposals. We want to ensure that rents remain affordable but we must also ensure that we are covering our costs. Previously rent increases had been agreed using CPI inflation + 1.5%. CPI inflation is 2.4% at September 2018 and 2.4% at October 2018.

The proposed rent increase is 3.5% or 3.9%. The table below shows how much more, on average, tenants would have to pay per week by property size.

Property Size	2 Apt average average weekly rent increase	3 Apt average average weekly rent increase	4 Apt average average weekly rent increase	5 Apt +average average weekly rent increase
Percentage Rent Increase				
3.5%	£2.12	£2.44	£2.62	£3.15
3.9%	£2.36	£2.71	£2.92	£3.51

Consultation will include a letter, email survey and a meeting for tenants. Facebook, our website and Twitter will also be updated. You can also telephone Lyndsay or John at the office if you would like to discuss the rent increase in more detail. Please get in touch.

ADDITIONAL SMOKE ALARMS

The Scottish Government proposed in 2018 that the Housing (Scotland) Act 1987 would be amended to reflect the following new requirements:

- at least one smoke alarm installed in the room most frequently used for general day time living purposes;
- at least one smoke alarm on every floor;
- at least one heat alarm installed in every kitchen;
- all alarms should be ceiling mounted and interlinked.

The Scottish Government has now confirmed that all housing associations must comply with these new requirements by February 2021.

LEGIONELLA

The risk of contracting legionella in your home is very low but here are some simple steps that you should take to help protect you and those in your home:

- Turn your shower on and run for a few minutes at least once a week, preferably more often than this, to flush out stale water;
- Dismantle, scrub and de-scale your shower heads and shower hoses at least once every 3 months;
- Turn on every hot and cold water tap throughout your home at least once a week and let the water run for a short time.

If you would like more advice on this matter please contact Lyndsay or Anna at the office.

APOLOGIES

We would like to apologise that the wrong photo was published in our Autumn newsletter for 1/1, 18 Pendeen Place. Please see the correct photo on the right:

CLOSE DOOR VANDALISM

Over the last few months the Association has noticed an increase in vandalism to front close doors, where we have had to replace the lock keeper. When the lock keeper is broken it means that the close door can just be pushed open and is not secure. These repairs have cost the Association £3,189.25 from 1st April 2018.

If any resident does not have a key for the front door or requires extra keys for other members of their households, please contact our office and we can arrange keys for you free of charge.

Please speak to all members of your household and to visitors to your home and ask them to make sure that they either use a key to get into the close, or they wait to be buzzed in to the building. Under no circumstances should the door be pulled open with force.

Please contact Anna or Lyndsay at the office if you require extra keys or wish to discuss this matter further.
